STAGE 3 RESOURCES

Sample DL size Manila envelopes with Numbers

Printed Candidate names are sealed within the Envelopes with only a number visible when being checked on vibrations.

The printed Names of Candidates are placed by two Selection Management Team (SMT) members and the Envelopes are sealed. They are then mixed or shuffled and given to another SMT member not present when the names were placed.

The third SMT member then moves to a separate area and places the numbers on the Envelopes. They are then kept secure in a locked case in preparation for placing them on a music stand or similar to be checked for vibrations.

This process ensures that no-one knows which names are in the numbered envelopes

All names and numbers are to be printed, cut and placed in and on the Envelopes to avoid any handwritten interference in the vibrations.

Once the checking of envelopes has been completed the Checkers will hand over their named and signed forms to the Facilitators and remain in place in case a second check is needed.
